About me

Prev Post Senior Editor/ HOD EDIT Lime Pictures

I am Creative and professional and enjoy telling the story through the use of my editing techniques. I have both an artistic and technical eye with a strong sense of narrative and pace.

I have been specialising in cutting single/multi camera drama both Childrens and Adult, as well as color grading for major UK and International broadcasters, delivering to tight deadlines as well meeting full technical requirements including Harding testing.

Recently I have been cutting at Hollyoaks,Emmerdale and recently Eastenders.

My experience in cutting multicamera includes serial dramas, music shows, musical performances as well as “docu/drama” and some current affairs.

I love what I do and push myself creatively on every project I work on. Working with Directors/Producers or alone, always meeting my deadlines.
