PROFILE

I am a video editor and motion graphic designer who is passionate about creating original content, particularly documentaries and sports. I have over 10 years experience of creating broadcast and corporate video for a wide range of clients and professionals. I am currently working on a freelance basis in the North West using the Adobe CC software range, and Avid Media Composer.

KEY SKILLS

- Video editing - Adobe Premiere CC / Avid Media Composer
- Motion graphics - Adobe After Effects CC
- Graphic design - Adobe Photoshop and Illustrator CC
- DVD authoring software - Adobe Encore / Apple DVD Studio
- Understanding of legality, compliance and technical specifications in the editing process
- Supporting musical clearance process, providing paperwork for musical resources
- Over 10 Years experience in Documentary, Sports and Corporate including formats up to sixty minutes
- Ability to pull key information from log-sheets and understanding of relevant materials for editing process
- Editing for international broadcast - understanding of multiple deliverable formats - TV/Web/Iplayer/Youtube
- Working closely with both directors and producers to effectively deliver programming within tight deadlines
- Knowledge of encoding and conversion of video formats
- Demonstrated a consistent ability to pick up and learn new skills and software packages
