Offline and Online Editor with over 20 years broadcast experience

I have worked as an editor in broadcast post production for over 20 years, first in a staff position at a large post house followed by a busy 9 years as a freelancer. I bring a wealth of experience in editorial, craft and finishing to every project with an in-depth knowledge of Avid editing systems. Lightning fast but thorough with a creative eye for detail I am at home at any stage of the edit from offline through to online.

I am organised, fast and highly skilled in Avid Effects meaning I can work with a VFX artist to maximise what is possible in and out of Media Composer as well as quickly come up with solutions to continuity problems where a clever split screen can often save the day. I am at home cutting a multicamera studio show, 5 minute factual feature or grading a self shot documentary. A fast, safe pair of hands, I love working with music and pride myself on my attention to detail in everything from ensuring a guide vo is clear and concise to spelling every contributor's name correctly on screen.

I live within easy reach of MediaCity but have ultra fast broadband and my own edit system which can run Avid either independently or remotely to a facility, offline or online.

Some Recently Completed Projects

"YolanDa's Band Jam" CBeebies In House Production SPs Phil Cooper & Ellen Evans	A groundbreaking, RTS award winning music show for CBeebies featuring live studio music, location VTs and studio items. As lead editor on two 20x15' series so far I have worked through the entire post schedule – cutting the majority of VTs and studio edits and also onlining all episodes.
"The Baby Club" Three Arrows for CBeebies SPs Tom O'Connell & Simon Hall	Encouraging nervous new parents to go to local clubs whilst providing one for them in their home. Babies don't take direction and the aim is to capture what a real session would be like. Five cameras, 1 presenter, 6 parents and babies. Offline edit of 22x15' episodes over two series.
"Say Yes To The Dress" True North for MTV Executive Producer Fiona O'Sullivan	Onlining and Symphony grading the Lancashire version of the hit wedding dress choosing show presented by Gok Wan. Matching 5 cameras whilst keeping the glamour and magic of the brides' dreams front and centre.
"Mastermind" BBC Studios for BBC One + Two Series Producer Mark Helsby	I started this show and finished it – taking it through offline, online and final audio mix in Avid. This show's audience don't miss a trick but fortunately neither do I. It's all in the detail. 2017+2018 series.
"CBeebies' Thumbelina" "CBeebies' The Snow Queen" "CBeebies' The Nutcracker" CBeebies/BBC 1 Producers Phil Cooper, Jon Hancock	I cut the CBeebies Christmas Shows for 2016, 2017 and 2018. Filmed in front of live audiences at large theatres these multicamera extravaganzas are the climax of the year for the channel. Featuring live music and ambitious dance I combined multiple performances shot on 5 cameras into one seamless show. All three shows were shown on BBC 1 on Christmas Day and Thumbelina also had a cinema release.

<p>“Teen Mom UK”</p> <p>True North for MTV Executive Producer Fiona O’Sullivan</p>	<p>Grade and finish of this observational series with a brief to be down to earth yet appealing to a young audience. Subtle removal of branding, numberplates etc all part of the service. Two 8x60’ series onlined.</p>

<p>“Devon & Cornwall”</p> <p>True North for More4 Producer Gareth Fielding</p>	<p>Observing the lives of a variety of people who live in the Southwest, a sensitive Symphony grade was required to accentuate the beauty of the region whilst keeping the show grounded in reality.</p>
