PROFILE

I have a wealth of offline editing experience across a wide range of genres. I enjoy both the fast pace nature of short form and the process of creating a narrative in long form programmes. With the different genres I've worked on comes many responsibilities, from onlining and mixing audio VT's, to managing deadlines and working calmly under pressure.

As well as editing I have a passion for Lindy Hop dancing. I help run weekly classes and social events. I enjoy life drawing and taking care of my two dogs Pete and Alfie.
