

With twenty-five years experience, I am a highly skilled and sought-after editor proficient in various genres including current affairs, documentaries and entertainment. As a member of prestigious organisations such as BAFTA, the British Film Editors society, the Royal Television Society, and the Documentary Film Council, I have consistently delivered high quality editing work for leading UK networks with reliability, dedication and humour. My expertise spans from navigating the intensity of current affairs - encompassing global conflicts, pandemic coverage, general elections and critical consumer issues, to crafting poignant documentaries that tackle complex narratives, to the bright lights of some of Britain's biggest entertainment shows.

Conveniently based in Salford Quays - a stone's throw from Media City and Manchester city centre, with access to Leeds and Liverpool too. I also have a full-spec permanent Avid/Premiere suite at home with 14TB of storage and superfast 1GB broadband for robust remote edit connectivity. Please find my credits below and drop me a line on davewoodyer@me.com or [07801852610](tel:07801852610) if you require any further info.
