Personal Profile

A hard working, creative, dedicated and highly motivated self-starter, with a keen eye for detail and a canny knack to work well and remain positive even under the tightest of pressures and deadlines. I enjoy team working and collaboration and also possess the ability and experience to work alone using my own initiative when required.

Editing

I am an Avid, Premiere and Final Cut Pro off and online editor. With a wealth of editing experience, I have worked on a wide genre of projects including documentaries, light entertainment, children's, sport, multi camera projects, title sequences and commercials with many different clients and budgets.

Starting out on linear edit equipment I progressed to non-linear as technology evolved. My background equipped me with strong technical experience and I have built and maintained multiple edit systems for many broadcast projects. I am also very experienced with Adobe After Effects, Premiere and Photoshop.

Broadcast Credits

Having provided editing services for all major UK broadcasters including BBC, ITV & Sky for over twenty years my credit list is vast and varied, here is a small selection of my recent projects:

The Boss - BBC Entertainment

Avid Off & Online editor for this gripping new daytime quiz show.
Executive Producer - Kieron Collins

Avid Certified Editor

Apple Final Cut Pro Certified Editor

Apple Certified Final Cut Pro Trainer - ACT

Hobbies and Interests

Still photography is my main passion away from work. I am currently undertaking a home study course to help improve my skills.

Living on the edge of the Peak District I love going on walks with our dog Milo. He's a cockapoo, we've had him for almost two years and he's a real character.

I am an active member of Macclesfield Golf Club. I currently have a handicap of 12 but I'm trying hard to improve that.
