**Email:** [joshuairwin225@gmail.com](mailto:joshuairwin225@gmail.com)

I have been lucky enough throughout my career to work on a highly varied amount of Broadcast Television, including Drama, Documentaries, Children's, and Entertainment, with many different and talented people.

I have 17 years experience in the industry and for the last 12 years I have been a dedicated Online Editor. I started my career as an Offline Editor and am familiar with the vast majority of the picture process at the Post Production stage. I am very precise and have a keen eye for details. I use Avid Media Composer & Avid Symphony mostly with access to Boris FX. I have had a history with Avid DS when I was doing animation and compositing jobs. I have used Black Magic Fusion more recently.

I am more than comfortable delivering/using the current file standard AS11 file delivery and AQC process VidCheck.
